Phone: (208) 838-2617

Mobile: (202) 657-9231

HC 67 Box 649

Clayton, Idaho 83227

Contractor:

Hobble Creek Services, LLC

1451 S 1700 W #1

Springville, Utah 84663

Notice to Proceed:

April 16, 2019

Fixed Completion Date:

October 2020

From sagebrush hills to forested mountainsides, trail work continues, edging ever closer to Redfish Lake Road.

Construction Activities & Upcoming Work

The Stanley to Redfish Trail Project continues moving forward this past week with trail sub-grade preparation extending into the forested hillsides below Redfish Lake Road. During the remaining weeks of August, the Prime Contractor's plan is to start the installation of the gravel topping of the pathway. This work will start at the City Park on the north end of the project and extend southward toward the Redfish Ranger Station area. Caution is advised in the City Park and Redfish Ranger Station Office vicinities as crews are scheduled to continue working in and around those areas this coming week of August 10th. Work is also scheduled for this Saturday August 8th.

Work on the trail will be ongoing throughout the summer. Work schedules will be five days a week, and every other Saturday from 7:00 AM to 6:00 PM. This coming week of Monday 8/10 through Friday 8/14, crews will continue with full time work, so please be very cautious when in the vicinity of the trail construction crews. Next Saturday, August 15th, crews are not scheduled to work.

Thank You.
